Peer Review – România, Târgu Mureș, March 23 – 26 th, 2020

12:15-13:00

Informal exchange between partners, provided explanations by EPA Mureș & ADEPT Transilvania

13:00 – 14:00

Lunch – Hotel Grand

14:00 - 20:30

Field Visit – Târgu Mureș – Bezid Lake – Albești area (towards the proposed ecological corridor, identified by EPA Mureș & ADEPT Foundation & stakeholders) – Sighișoara – Mălăncrav (traditional orchard – good practice example for the Polish partner) – Târgu Mureș

20:30-22:00

Dinner – Lyra Restaurant (Corunca)

March 25th, 2020 – Wednesday

09:00 – 21:00

Field Visit – Târgu Mureș – Brănișca (the first green bridge / ecoduct ever built in România, to maintain the ecological connectivity at landscape level between Apuseni and SW Carpathians, for large carnivores: bears, wolves and lynxes) – Roșia Nouă – Târgu Mureș

- The role and importance of this ecoduct will be highlighted, as well the challenges related to the planning and implementation of mitigation measures for limiting the impact of linear transport infrastructures on ecological corridors and natural habitats.

Lunch will be served in Deva (Grizzly Restaurant) after the visit to Brănișca.

- At Roșia Nouă, Zarand Association is working closely with the local community to support nature conservation while developing socio-economic opportunities. The Zarand initiative will be presented, focusing on key challenges but also on the results and best practices.

Concrete explanations:

* **Mr. Moț Radu**, connectivity expert, president of Zarand Association, co-author of the Good practices Guide for planning and implementing investments in the road infrastructure sector

* **Mr. Cristian-Remus Papp**, expert ecological corridors, Wildlife & Landscape National Manager, WWF Romania

21:00 – 22:30

Dinner – Laci Csarda Restaurant (Târgu Mureș)
